HERITAGE BRASS ELECTRICAL PLATE FINISHES

Heritage Brass offers its electrical accessories in a variety of quality finishes. The illustrations shown below and throughout the catalogue provide a good representation of these finishes subject to the constraints of the colour printing process. Viewing the actual finishes in differing types of light may however cause subtle perceived differences in colour tone. Whilst much care is taken in maintaining the consistency of our antique finishes, colour tones and surface patterning may vary slightly due to the individual plate finishing processes involved.

STANDARD FINISHES		ANTIQUE FINISHES	
	01 Polished Brass Warm, traditional and opulent.		07 Polished Bronze A gloss alternative to Matt Bronze with a subtle dark chocolate colouring.
	02 Polished Chrome A bold and contemporary finish with a mirror effect.		09 Matt Bronze This rich finish with a hint of chocolate colouring proves to be a popular choice for traditional and contemporary interiors.
	03 Satin Chrome The brush marks create a modern matt finish which is less prone to fingermarks than polished finishes.		91 Antique Brass A variation on brass which retains a warm and opulent character but adds maturity by highlighting the variance of shades.
	44 Satin Brass A modern alternative to traditional Polished Brass, this brushed texture beautifully mellows the colour of solid brass.		AP Aged Pewter This matt grey finish with brush texture provides a tonal midway point between Satin Nickel and Satin Black Nickel.
	05 Satin Nickel The honeyed grey tone created by brushed nickel plating on brass provides a warmer alternative to Satin Chrome.		RB Rustic Brass This striking hand created mottled finish highlights a range of brass shades creating an aged rustic appearance.
	06 Polished Black Nickel A highly reflective finish created by adding a black dye to polished nickel plating.		RN Rustic Nickel This striking hand created mottled finish highlights a range of nickel shades creating an aged rustic appearance.
	66 Satin Black Nickel A semi gloss finish with brush texture creating a softer alternative to Polished Black Nickel.		RC Rustic Copper This unique hand created mottled finish highlights a range of copper shades creating an aged rustic appearance.
	08 Polished Nickel This reflective finish gives a warmer alternative to Polished Chrome.	POWDER COATED FINISHES	
PAINTABLE FINISHES			XBK Matt Black A sleek and contemporary textured finish.
	PW Primed White Finished with high quality white primer, these plates can be painted to meet specific colour requirements.		XWH Matt White A clean and simple textured finish.

STUDIO RANGE

Screwless Plate

A selection of accessories in **Polished Chrome Y02**

STUDIO RANGE Screwless Plate

Clean, simple and elegant. The combination of concealed fixings, metal rockers, slim profile and trim-less design minimises the plastic on view, giving the Studio Range its sleek and contemporary look.

Features:

- Screwless front plates
- Radius corners
- Matching solid metal rockers
- Trim-less design
- Grid system available

Sizes:

- Single 88 x 88 mm
Double 88 x 148 mm

The Studio Range plate style is NOT suitable for dual box application

Satin Nickel Y05

Top: 1 Gang TV Socket and Twin Socket

Bottom: 1 Gang Dolly Switch, Twin Socket and 1 Gang Dimmer Switch

VINTAGE RANGE

Screwless Plate

A selection of accessories in **Antique Brass X91**

VINTAGE RANGE Screwless Plate

The Vintage Range boasts our widest choice of plate finishes including Matt Bronze, Aged Pewter and Rustic Brass. The rounded plate corners and concealed fixings provide a soft yet stylish appeal.

Features:

- Screwless front plates
- Radius corners
- Grid system available

Sizes:

Single 88 x 88 mm
Double 88 x 148 mm

The Vintage Range plate style is NOT suitable for dual box application

Powder coated finishes: Richly coloured and beautifully tactile, Vintage Matt Black and Matt White offer a powder coated matt finish ensuring an extremely durable finish.

VINTAGE GLOSS WHITE

Screwless Plate

This luxuriously silky finish is created by applying high quality paint to solid brass plates and sealing with a gloss lacquer. The Vintage Gloss White collection shares the popular characteristics of our Vintage Range: a screwless front plate with minimal projection from the wall and soft round edges.

Features:

- Screwless front plates
- Radius corners
- Choice of white or polished chrome inserts
- Grid system available

Plate style NOT suitable for dual box installation.

Sizes:

- Single 88 x 88 mm
Double 88 x 148 mm

Corners

Matt Bronze WN9

Matt Antique Brass WN92

Our popular Antique Brass finish undergoes a matt makeover. The finish retains its warm and opulent character with a spectrum of earthy tones. The matt lacquer creates a consistently smooth look whatever the lighting with fingerprints and smudge marks being less noticeable.

Matt Bronze GF09 pricing same as above.

ELITE FLAT PLATE RANGE

The Elite Flat Plate Range provides an ultra-slim and neat solution, sitting flush against the wall. The rounded corners create a soft appearance whilst the choice of white or black trim cleanly frames the matching metal rockers.

Features:

- Minimal projection from wall
- Radius corners
- All finishes available with choice of white or black trim
- Matching metal rockers
- Grid system available

Sizes:

Single 86 x 86 mm
Double 86 x 147 mm

Satin Brass T04

Top: 2 Gang Dolly Switch

Bottom: 1 Gang Rocker Switch, 1 Gang Telephone Slave and 1 Gang Dimmer Switch

ELITE FLAT PLATE RANGE

Antique Brass & Matt Bronze

Features:

- Minimal projection from wall
- Radius corners
- Grid system available

Sizes:

Single 86 x 86 mm
Double 86 x 147 mm

Antique Brass T91

Double USB Socket and Double TV Socket

Heritage Brass Antique Brass plates are individually hand finished to provide subtle variations in surface shading as to recreate a sophisticated antique lustre, making each piece alluring and unique. This variation on brass retains a warm and opulent character but adds maturity through its spectrum of russet hues.

Matt Bronze T09 with black rocker

Double USB Socket and Switched Spur

A hugely popular Heritage Brass finish, Matt Bronze meets the increasing trend for alternative matt finishes. The warm chocolate bronze colouring proves to be a favourite with contemporary, rustic and traditional interiors.

ELITE STEPPED PLATE RANGE

Flat Plate

Antique Brass & Matt Bronze

Features:

- Square corners and stepped edge design
- Minimal projection from wall
- Grid system available

Sizes:

Single 86 x 86 mm
Double 86 x 147 mm

Antique Brass S91

Switched Spur and Twin Socket

Heritage Brass Antique Brass plates are individually hand finished to provide subtle variations in surface shading as to recreate a sophisticated antique lustre, making each piece alluring and unique. This variation on brass retains a warm and opulent character but adds maturity through its spectrum of russet hues.

Matt Bronze S09 with black rocker

Twin Socket and Single TV Socket

A hugely popular Heritage Brass finish, Matt Bronze meets the increasing trend for alternative matt finishes. The warm chocolate bronze colouring proves to be a favourite with contemporary, rustic and traditional interiors.

GEORGIAN ELITE RANGE

Flat Plate

The rope edge detailing and square corners give the Georgian Elite Range its classical charm. Offering the same minimal projection as plain flat plate designs, the Georgian Elite Range provides an attractive alternative for more traditional decor schemes.

Features:

- Finely detailed rope edge and square corners
- Minimal projection from wall
- Available in Polished Brass, Polished Chrome and Antique Brass finishes
- Matching metal rockers
- Grid system available

Sizes:

Single 86 x 86 mm
Double 86 x 147 mm

Polished Brass

STYLIST GRID RANGE

Flat Plate

Based on MK grid systems, the Stylist Range is ideally suited to meet non-standard product requirements and a vast range of bespoke products are available. Using standard plate sizes and designs, products include data/communication, AV outlets, multi-dimmer arrangements and kitchen appliance control centres.

Features:

- Minimal projection from wall
- Radius corners and matching metal rockers
- Choice of white or black trim
- Grid system available

Sizes:

- Single 86 x 86 mm
Double 86 x 147 mm

VICTORIAN ELITE RANGE

Period Raised Plate

Traditionally styled Victorian Elite is an elegant range of plain raised plate wiring accessories designed to complement the popular Elite Flat Plate Range.

Victorian Plate Features:

- Square corner
- Matching metal rockers
- Grid system available

Sizes:

Single 86 x 86 mm
Double 86 x 147 mm

profile
approx
8 mm

Satin Nickel R05

Top: Twin Socket and Switched Spur

Bottom: 1 Gang Rocker Switch, 1 Gang Dimmer Switch and 1 Gang Television Socket

Suitable for shallow box installation

The raised plate design of the Victorian Elite Range enables plate switches to be used with 17 mm plaster depth boxes, power sockets and other accessories with boxes 25 mm depth.

All finishes in the Victorian Elite Range are available with a choice of white or black trim options. (Antique Brass available with black trim only.)

Polished Brass R01
with black trim

Polished Chrome R02
with black trim

Satin Chrome R03
with black trim

Satin Nickel R05
with white trim

Antique Brass R91

RICHMOND ELITE

Period Raised Plate (Low Profile)

Featuring elegantly styled low profile robust cast plates of approximately 5 mm projection, the Richmond Elite Range is particularly suited to contemporary installations. Whilst the low profile solid plates are of minimal projection a distinctive raised edge enables accessories to be installed easily on all wall surfaces including slightly uneven or textured surfaces.

Features:

- Low profile plate with 5 mm projection from wall
- Matching metal rockers
- Choice of white or black trim
- Square corners
- Grid system available

Sizes:

- Single 86 x 86 mm
- Double 86 x 147 mm

profile

EDWARDIAN MATT BRONZE

Period Raised Plate

Characterised by its rich chocolate bronze colouring, Matt Bronze meets the increasing trend for alternative matt finishes. Edwardian Matt Bronze, with its raised plate and stepped edge design, is an ideal choice for renovation and refurbishment projects. The timeless elegance of this range provides a charming reminder of the past.

Features:

- Suitable for shallow box installation; plate switches can be used with 17 mm plaster depth boxes, power sockets and other accessories with boxes 25 mm depth
- Square corners and stepped edge design
- Grid system available

Sizes:

- Single 92 x 92 mm
Double 92 x 148 mm

Plate style NOT suitable for dual box installation.

CONTRACTOR RANGE

Period Raised Plate

The Contractor Range comprises a wide variety of classical plate styles. The plain raised plate design of the Victorian collection lends a clean and simple look which suits almost any interior. The Edwardian collection offers a stylish stepped edge - the raised plate answer to Elite Stepped Plate. Mayfair and Apollo Dual Finish use a polished metal stepped edge to beautifully frame the satin metal plate. Finally the Georgian and Adam collection boast an ornate rope edge and beaded edge design.

Features:

- Square corners and raised plate design
- Choice of white or black insert and trim
- Grid system available

Victorian Polished Bronze (BZV)

Single 86 x 86 mm
Double 86 x 147 mm

Victorian Polished Brass (V)

Single 86 x 86 mm
Double 86 x 147 mm

Victorian Satin Chrome (BC)

Single 86 x 86 mm

CLARITY RANGE

Our high quality perspex range of wiring accessories blends seamlessly into its surroundings. Ideal for when a discreet solution is necessary. Electrical inserts are available in a choice of finishes.

See our website, www.m-marcus.com, for further information, images and pricing.

BESPOKE SOCKETS

Our bespoke made-to-order range allows you to create combination plates, mixing lighting control, power sockets and outlets for TV, satellite, telephone and data. Customize your plate size, choose rocker, dolly or dimmer switches or include USB charging ports. Our bespoke plates give you ultimate flexibility and convenience when designing a room layout. Available across all plate styles and finishes with a choice of white or black inserts.

KNURLED DIMMER KNOBS

Diamond knurled dimmers provide an alternative to plain dimmers in any of the Heritage Brass Electrical Ranges.

Finish	Code
Polished Brass	KNU600.01
Polished Chrome	KNU600.02
Satin Nickel	KNU600.05
Matt Bronze	KNU600.09
Antique Brass	KNU600.91

£8.52 per dimmer knob.

ELITE FLOOR SOCKETS

Available with white (W) or black (BK) inserts. Please specify with BK or W code suffix at time of ordering.

USB SOCKET OUTLETS

Now available in most ranges and finishes, the Heritage Brass Twin USB Socket Outlet allows more flexibility when charging. The two USB charging units leave the 13 A socket outlets free for use with general appliances. The USB outlets are ideal for charging mobile phones, tablets, cameras and more.

Product details:

- 2 Gang 13 A Switched Socket
- 1 x USB charging port output 5V- 2,100 mA
- 1 x USB charging port output 5V- 1,000 mA
- Twin earth fitted as standard
- Overload protection

PRIMED WHITE RANGES

Flat Plate and Screwless Plate

White Primed

In addition to the elegant metal finishes offered within the Heritage electrical collection, a range of plates finished in high quality white primer is now also on offer.

Designed to enable total colour co-ordination of decor schemes, the front surface of these primed plates can be coloured to meet the specific requirements of users, architects and interior designers.

The primed white ranges are supplied in Grid format so that the front plates can be painted separately and then fixed to the electrical component.

Primed White Flat Plate Range (PW and QPW)

The ultra-flat profile of these primed plates is enhanced by the use of neatly recessed flat head fixing screws secured by the use of a supplied Allen Key. After painting these screws, when inserted, fit flush with the front plate, blending nicely with it.

As an added advantage the Allen Key screw provides resistance to tampering for those more vulnerable installations such as public buildings and schools.

Primed White Screwless Plate Range (YPW)

Plates finished in high quality white primer are also available with concealed fixings. Of approximately 3 mm projection, the primed white front plate clips onto the special grid supplied.

Painting

We recommend that the primed plates are spray painted for a smoother finish, however paint can also be applied with brush or roller.

Any good quality paint can be applied to the primed surface to create a unique finish.

M. Marcus Ltd

Heritage Brass is the market leading brand of M. Marcus Ltd., a major British supplier of architectural and electrical brassware. M. Marcus was established over 80 years ago as a traditional brassfounder and is proud of its history as a renowned supplier committed to the quality of its products and its customer service. Since its founding the company has grown consistently and, on the basis of good customer relationships, has established strong markets worldwide for its extensive product ranges.

Non-Standard Electrical Accessories

The extensive ranges of Heritage Brass electrical accessories are designed to provide great flexibility in meeting the specification requirements of both domestic and commercial installations. From time to time however non-standard products will be required to meet the needs of designers and installers. Offering many different plate styles and finishes and based largely on Grid System assembly, Heritage Brass ranges are ideally suited to meet such non-standard requirements. A vast range of such bespoke products, too numerous to list, is available. Heritage Brass customer service staff will be pleased to give advice and a quote for the supply of non-standard products when given full application details.

Box Depth

When installing electrical accessories it is important to ensure that wall boxes of adequate depth are used. The box depth should comfortably accommodate the accessory and its connecting cables, and is particularly important with flat plate ranges and power accessories. The product selector tables in this catalogue give recommended box depths for normal installation conditions.

Trailing Edge Dimmers

Maximum of 10 LED lamps per module.

Minimum load 0 W per module. Maximum load 120 W per module.

Suitable for most quality dimmable LED lamps. Compatibility is not guaranteed with all LED lamps.

Terms and Conditions

Heritage Brass Electrical Wiring accessories are obtainable from a network of stockists. Order are accepted subject to the following terms and conditions of sale:

1. This price list cancels all previous price lists.
2. Prices charged will be those current at date of despatch.
3. Carriage paid for orders of minimum £100 at net invoice value. Delivery to a commercial address only.
4. For orders of under £100 net invoice value, carriage of £6.50 will be charged.
5. Orders where a guaranteed next day delivery is required must be received before 12 noon and will be subject to a charge of £20. Goods will be delivered the next working day before 12 noon.
6. Payment terms: 30 days net.
7. In the case of Northern Ireland, Channel Islands, Scottish Highlands and Islands, Isle of Man and Republic of Ireland there is a carriage charge of £20.00 for orders under £300 net invoice value. If applicable, custom clearance charges may also apply.
8. All shortages must be notified to us within 3 days of receipt of a consignment otherwise no claims can be entertained.
9. No returns will be accepted without prior written agreement.
10. All good supplied will remain the property of M. Marcus Ltd. until payment is made in full.
11. All patterns subject to alteration without notice.
12. All prices are in Pounds Sterling.
